Objet/Betreff: Press release

The Swiss Rugby Union - SRU (Fédération Suisse de Rugby - FSR) regrets to announce that the friendly international between Switzerland and the Netherlands, due to happen in Basel on 2 May, has been postponed. Under the current economic situation and due to financial restrictions the Nederlandse Rugby Bond (NRB) regrettably cannot afford to send two teams – senior and U20 – for friendly matches to Switzerland.

However, both the FSR and the NSR are trying their utmost to organise a match between the senior teams of those two rugby unions in 2010, with RFC Basel as possible host club in mind.

N. Li-Marchetti

Secretary General SRU
